On account of the sudden indisposition and admission into hospital of the Honorary Secretary Lt- Col Wazirzada Ajaib Singh, the members from Sangrur took it for granted that the meeting had been postponed and though present at Delhi, did not come to the VENUE for the purpose. It is a pity that enthusiasts from the south could not make it possible to come; as there were great hopes of their proving an asset to the revival of the G.L.I. It is hoped therefore that their inclusion in the committee would serve as an impetus for them to take an active part during the forth coming field trials meetings next winter.

Although there were quite a sufficient number of Army Officers who could take an active part in the sport; but the President General Cariappa thought it best in the absence of the majority of the old members to let the office bearers be for the present as they are more or less till the next Annual General Meeting preceeding the Field trial meeting round about January 1952.

It was unanimously decided to postpone any further proceedings.

The office bearers are:-
